Alton Cluster Family Support

Dear Parents and Carers,

We are pleased to introduce our new **Alton Cluster Family Support Facebook Group**!

This group has been created to help strengthen our school and family community by providing a welcoming space where parents and carers can access useful information, share updates, discover available support, and stay connected with family support services across the Alton Cluster.

We hope the group will be a helpful way to:

- Share information about local family support services and resources.
- Keep you updated on events, activities, workshops and opportunities for families.
- Signpost you to advice and support available within our local community.
- Help families connect with relevant information and opportunities to support their children's wellbeing and development.

We warmly encourage all parents and carers to join and make use of this new resource.

Join the group here:
https://www.facebook.com/groups/1919126332401565/

Please feel free to share the link with other parents and carers within the Alton Cluster who may benefit from joining.

We look forward to building a supportive, connected community where families can access information, feel supported and find out about the opportunities available to them.

Thank you for your continued support.

Kind regards,
The Alton Cluster Family Support Team
