

Year 1 Yearly Overview

	Week 1	Week 2	Week 3	Week 4	Week 5	Week 6	Week 7	Week 8	Week 9	Week 10	Week 11	Week 12	Week 13	Week 14
Autumn	1.1 Number and Place Value Addition and Subtraction				1.2 Measurement	1.2 Addition and Subtraction		1.3 Multiplication and Division	1.3 Fractions and Geometry		1.4 Number and Place Value Addition and Subtraction			
	Measurement: Utilise everyday opportunities to develop understanding of the passing of time (hours) and 'time' language (yesterday, tomorrow, morning, afternoon, evening) and comparative language (quicker, slower etc). Introduce days of the week, months and dates.													
Spring	1.5 Addition and Subtraction			1.5 Measurement Time and Mass	1.6 Fractions and Geometry	1.6 Multiplication and Division		1.7 Number and Place Value Addition and Subtraction			1.8 Addition and Subtraction with Money			
	Measurement: Utilise everyday opportunities to develop understanding of the passing of time (hours and half-hours)													
Summer	1.9 Addition and Subtraction with Mass	1.10 Multiplication and Division		1.11 Geometry	1.12 Number and Place Value Addition and Subtraction			1.13 Fractions with Multiplication and Division		1.14 Measurement: Capacity and Volume	1.14 Measurement: Time	1.15 Geometry		

HIAS Maths Team Scheme of Learning 2023

The above plan and timescale is flexible and will be adapted depending on the needs of the children. The domains have been organised to support children's mathematical development and progression. Weekly/daily planning is constantly adapted on the outcomes of each lesson with the focus being on 'keep up' not 'catch up'. Children are given the opportunity to develop fluency and deepen their understanding of mathematical concepts through our mastery curriculum. Activities that develop fluent mental calculation skills are practised daily.
