Dear Parents and Carers,

Replacing Seesaw and Tapestry with Class Dojo

We are excited to introduce Class Dojo as our new learning platform throughout the school, building on the successes we have experienced through platforms such as Tapestry and Seesaw. Class Dojo will allow us to provide information and ideas to support home learning and help strengthen the connection between learning at school and learning at home.

Class Dojo is free, you do not need to pay to use Class Dojo. Class Dojo also offers a paid service called **Class Dojo Plus**. You **do not need to buy this**. Your child can use Class Dojo without it.

Photographs and Class Stories

Teachers may share photographs of children taking part in learning activities, special events and experiences through Class Stories.

We require your permission for photographs of your child to be shared on their class's Class Story. Class Stories will only be accessible to parents and carers who have been invited to that class.

We will continue to follow our school's existing policies and procedures relating to photography, safeguarding, data protection and the use of children's images.

If you do not give permission for your child's photograph to be shared this will not affect your child's participation in learning activities or school events.

Communication through Class Dojo

Class Dojo does have some communication tools and will be used as an additional communication tool alongside our existing Eduspot Teachers2Parents communication system, any important or urgent matters will continue to be communicated through this via the office.

We ask that Class Dojo is used respectfully and appropriately.

Please complete permissions [here](#) for your child to use Class Dojo and for photographs of your child to be shared on their class's Class Story. Once permission has been given you will receive login information to access Class Dojo. You will need to download the Class Dojo app, **please remember to update your phones app notification settings to enable you to get an audible alert**.

Thank you for your continued support.

Yours sincerely

T McKee
